

The State Treasury's strategy

2026–2029

Valtiokonttori
Statskontoret
State Treasury

VISION

We will make government operations in Finland stronger and more effective in all circumstances.

MISSION

We provide and manage central government cash flows.

We combine economic data, government finances and elements of social security.

STRATEGIC CORE OBJECTIVES

We carry out our mission effectively and reliably – with a solid commitment.

We are an active operator in administrative reforms.

We succeed by building competence and knowledge.

STRATEGY 2026–2029

VALUES

For the benefit of good governance.

Listening to our customers.

Growing together.

STRENGTHS

High implementation capacity and solution-oriented approach.

Reform-oriented mindset.

Strong competence and commitment.

STRATEGIC CORE OBJECTIVES

We carry out our mission effectively and reliably – with a solid commitment.

We ensure continuity in our critical functions and our implementation capacity in all circumstances.

To enhance operational efficiency, we seize the opportunities provided by technology.

We are an active operator in administrative reforms.

We build cooperation to foster solid governance.

We implement reforms within our remit.

We succeed by building competence and knowledge.

The organisation develops competences to respond to the needs of the future.

We promote the utilisation of data.
