

# What should I do in the event of an occupational accident?

## See a doctor

At your appointment, mention the name of your employer and that the State Treasury is your insurance provider.

## Submit an accident notification

Submit a notification of the accident in the State Treasury's e-service immediately after the accident: <https://asiointipalvelu.valtiokonttori.fi/tyotapaturmat/>

**Note!** Submitting the notification requires strong authentication (online banking ID, mobile certificate or certificate card). Use Chrome, Firefox, Edge, Safari, or IE11 to ensure that the service works properly.

You can supplement a pending accident notification later by using the additional information form. <https://asiointipalvelu.valtiokonttori.fi/lisatiedot/>

## Report the accident to your supervisor

How serious was the accident? How long will your sick leave last?

## Confirming the accident contact person

The accident contact person will also be informed of your notification to check and confirm it. You will be notified by email after the accident contact person has checked and confirmed your notification.

## State Treasury's decision

You will receive the State Treasury's decision by post. The employer or other responsible organisation will only receive the decision if they are entitled to compensation for paid income or medical expenses or if the accident is not compensated.
